See if this is what you were wanting – let me know if you need more details or a different format.

I included a few items that we were working on prior to the agency reduction such as partnerships and minority health items that you may want to remove. On our website there are some really old programs that had been cut a few years back as well, so I am hoping this is all still accurate. The last slide is also an add that I just put to capture everything represented in our organizational chart.
